## SMALL COUNSEL OUTLINES DEFENSE

### LINE OF ATTACK ON INDICTMENTS LAID BEFORE MORTIMER

Point Out Nature of Arguments to be Made at Waukegan—Say That Grand Jury Erred in Review of Evidence—Informal Statement Issued from Office of Governor

(By The Associated Press)  
SPRINGFIELD, Ill., Nov. 25.—Governor Small's line of attack against indictments charging him with embezzlement of public funds and conspiracy to defraud the state, was laid before State's Attorney C. F. Mortimer of Sangamon county tonight.

The specifications, delivered to Mr. Mortimer by counsel for the governor point out the nature of arguments to be made at Waukegan December 5 in support of motions to quash the indictments.

The attack on the indictments by the defense charge:

First:—That the indictments on their face, charge the governor with no crime or offense against the state.

Second:—That they do not allege that the governor ever received any money belonging to the state.

Third:—That the grand jury, in returning the indictments filed an explanation and review of evidence which the defense claims "was absolutely in violation of the constitution and statutes, intended only to create an unfair and unwarranted prejudice against the governor and renders the indictments illegal and void."

### FEAR FINAL CRISIS HAS BEEN REACHED IN IRISH QUESTION

Lloyd George - Craig Conference Brings No Results

(By The Associated Press)  
LONDON, Nov. 25.—What is feared to be the last scene in the effort to bring peace to Ireland was enacted today when prime minister Lloyd George and Sir James Craig met in the former's official residence in Downing street where the imperial premier told the head of the northern government that Sinn Fein Ireland had not consented to allegiance to the king, a pre-requisite to the king's agreement to enter an all Ireland parliament.

The Sinn Fein delegates are consulting with members of the Dail cabinet in Dublin on the crisis thus brought about, while Sir James packed his bag and returned to Belfast where he will report to his parliament next Tuesday and possibly disclose the cause of the virtual breakdown of the Irish negotiations. The official correspondence that has passed between the various delegations also may be published at the same time in London.

Week-end efforts, meanwhile, will be made by peace-makers in an attempt to persuade the Sinn Fein to modify its attitude on the question of allegiance to the king. The Dail Eireann members have taken the oath of allegiance to the Irish republic and thus far they have refused to substitute for it recognition, within Ireland, of King George.

The further concessions from the Sinn Fein has been their willingness to recognize the king as the formal president of the community of free nations which Ireland might choose voluntarily to join but even this was not definitely promised.

### DENIES HEARING IN PEETE CASE

San Francisco, Cal., Nov. 25.—A petition for rehearing of the case of Mrs. Lois L. Peete, convicted in Los Angeles of the murder of Charles Jacob Denton was denied today by the supreme court.

Upon conviction Mrs. Peete was sentenced to life imprisonment. The district court of appeals denied her petition for a new trial and today's decision sustains that of the district court.

### TRESPASS SUIT FILED

In the office of Circuit Clerk Wanamaker yesterday a trespass suit was filed by Mrs. Susan Rice against Edward Goldstein. The praecipe which was filed by Wilson & Butler, as attorneys, indicates that damages in the sum of \$5,000 are asked.

### AUSTRIAN SURGEON APPALLED AT SIGHT OF MANY CRIPPLES

Says More Sufferers Here Than Any Other Country

(Continued on Page Four)  
NEW YORK, Nov. 25.—Misery so poignant and so widespread, greeted Dr. Adolph Lorenz, famous Austria orthopedic surgeon, on the steps and in the halls of the hospital for joint diseases today, that he said he had almost decided to devote the remainder of his days to alleviating the sufferings of America's cripples.

Dr. Lorenz said, at the end of his last "gratitude" clinic, that never in all his career, had he been affected as he was by the sight of hundreds of maimed, distorted humans, clamoring for his aid. And never, he added, had he seen a land so sorely in need of relief from spinal and other troubles influenced by infantile paralysis.

His observations so far, he declared, led him to believe that there were ten to fifteen times as many such sufferers in the United States as in any other country in the world. He was appalled, he said, at what he had found since coming here to try to repay a part of America's bounty to starving Austria children.

### AGREE ON GRADUAL ABOLITION OF EXTRA TERRITORIAL RIGHTS

This Action Was Taken at Arms Conference Friday

WASHINGTON, Nov. 25.—Gradual abolition of extra territorial rights in China was agreed to "in principle" today by the arms conference, and an exhaustive examination of the Chinese judicial system was decided on to determine how rapidly the change can be accomplished.

Sitting as a committee of the whole, the delegates virtually decided in executive session to put the investigation into the hands of an international commission of jurists who would visit China next year and report direct to the governments concerned as to the ability of the Chinese authorities to take over the full administration of justice now exercised in large part by foreign tribunals under the extra territorial privileges.

The step to be consummated tomorrow by the adoption of a formal declaration of policy and an authorization for the investigating commission was regarded as virtually completing the work of the conference relating to extra territoriality. The framing of the resolution was left to a sub-committee headed by Senator Lodge of the American delegation, with instructions to report at tomorrow's meeting.

During today's session the committee also gave some consideration to the question of postal autonomy for China but no decision had been reached at adjournment.

Despite the cross-currents of opinion that have been manifest outside the committee room, this meeting was declared to have been characterized by the greatest show of friendly feeling, and general satisfaction was expressed by the delegates atmosphere of the negotiations.

### FOOTBALL PLAYERS NEAR ASPHYXIATION

JACKSON, Mich., Nov. 25.—Eight members of the St. John's Catholic school football team narrowly escaped asphyxiation late today following a game with the St. Patrick's team of Charlotte, in which they won the state parochial championship. Two of the boys were still unconscious at a hospital here late tonight.

The players were found, overcome by gas, in the shower bath-rooms at the school shortly after the game. The accident is believed to have been caused by the gas burners of a water heater being turned on but not lighted.

### HIGHWAY DEPARTMENT DISPLAYS NEW MAP

A copy of the most recent Illinois map issued by the highway department, is on view in the office of County Clerk G. L. Riggs. This blue outline map shows the hard road improvements up to Nov. 3. A glance at it gives one a clear idea of the great developments of the hard road program in the past year.

### Condensed Telegraphic News

(By The Associated Press)  
PEORIA, Ill., Nov. 25.—James Day, this morning miraculously escaped death, when he was caught in an elevator in an office building here. His right foot was completely severed and his skull crushed. Charles Ensley, operator of the elevator closed the door too soon, it is alleged, catching Day. His recovery is considered doubtful.

PEORIA, Nov. 25.—Allen T. Deffenbaugh, 71 years old, an elevator company engineer, died here early this morning, at a local hospital from concussion of the brain, caused when he was run down by an automobile a week ago today. Deffenbaugh had been unconscious since the accident, except for a short time Wednesday morning, when he spoke to relatives.

FORT WORTH, Texas, Nov. 25.—Wage cuts ranging from 3 to 7 1-2 cents per hour were accepted by representatives of two thousand Armour & Co. employees here today. Swift & Co.'s employees will meet next week to decide on wage cuts.

FREEPORT, Ill., Nov. 25.—Becoming suddenly insane, Robert J. Long, 83, arose from bed in his home at Rock City, Ill., last night, and attacked his aged wife with a chair, fracturing her skull and literally scalping her with blows. He then turned on granddaughter, Louise Young, injuring her seriously, before she managed to escape from the house and call help. Long is a retired business man, and Civil War veteran. His wife's condition is critical.

CHICAGO, Nov. 25.—According to advice received here from Washington, C. R. Forbes, director of the veterans bureau today denied a report received yesterday from Bloomington, Ill., that full pay had been restored to disabled service veterans as a result of a conference held in Washington among national leaders of the American Legion, representatives of the public health bureau and Mr. Forbes. An act of congress, Mr. Forbes said, would be required to make full pay generally effective.

### INJUNCTION IS DENIED BY JUDGE OSCAR TORRENSEN

Was Sought Against Typographical Union Number 16

(By The Associated Press)  
CHICAGO, Nov. 25.—A petition filed by the American Typing Corporation and eleven other members of the trade composition group of the Franklin Association to restrain the association from entering into an agreement with Typographical Union No. 16 was denied today by Judge Oscar Torrensen.

The petition asked that the Franklin Association be restrained from entering into a proposed agreement with the union which contained a provision reserving to their members the right to refuse to execute all struck work received from or destined for union employers or publications.

The trade composition group contended the clause was illegal and would operate in restraint of trade and competition.

Judge Torrensen held that the clause merely reserves a right which the union and the individual members have if the contract did not exist.

### RAILROADS ARE MANIPULATING EXPENDITURES

This is Accusation of Economist of Brotherhoods

(By The Associated Press)  
WASHINGTON, Nov. 25.—Railroads of the country are "manipulating" their maintenance expenditures in order to show reduced net incomes and thereby justify high freight rates, Frank J. Warne, an economist for the four railroad brotherhoods declared today before the senate interstate commerce committee, investigating railroad questions.

Mr. Warne said it was an interesting fact, that the railroads were maintaining and improving their property on a greater scale than ever before, using revenues for the purpose. A consequence of this fact, he added, was a corresponding decrease in net operating incomes. Discussing the relationship of maintenance expenditures with other railroad accounts, Mr. Warne said it was well to remember that "manipulation by the roads of the maintenance records could be made to increase or decrease operating expenses, net operating revenues, operating income, net corporate income or the rate of return on the property."

With respect to the return on the property, Mr. Warne said it affected one way or another the amount of money available for interest, dividends and surplus.

### ILLINOIS BOY RANKS HIGH IN STOCK JUDGING

Glenn Buesinger of Taylorville is Ranked Second

(By The Associated Press)  
CHICAGO, Nov. 25.—Colorado boys and girls won premier honors today in the non-collegiate judging contest open to boys and girls from 10 to 18 years old and held as a preliminary to the International Livestock Exposition which opens here tomorrow.

They scored 1,095 points out of a possible 1,200 in the placing of horses, cattle and swine. Illinois and Missouri boys and girls tied for second place with 1,064 points.

Individual honors went to Robert Phelps of Greeley, Colo., who scored 384 points, and to Glenn Buesinger of Taylorville, Ill., with 381 points.

Boys and girls participating in the contest were nominated by their state agricultural colleges. Kansas with 1,097 points was fourth and other states finished in the following order: Indiana, 976; California, 959; Georgia, 895; Pennsylvania, 886; Iowa, 864; Michigan, 836 points.

### ACCEPT COURT RULING AS FINAL

(By The Associated Press)  
BOSTON, Nov. 25.—The trustees of the Christian Science Publishing Society today notified the board of directors of the First Church of Christ, Scientist, Mother Church, that they will accept as final the Massachusetts supreme court ruling that the directors have power over the trustees. They announced that they would co-operate with the directors in the appointment of their successors. The statement was signed by Herbert W. Eustace, Lamont Rowlands and Paul Harvey.

The directors were informed in a separate letter that the trustees had received the resignations of Frederick Dixon as editor and John R. Watts as business manager of the Christian Science Monitor.

### BRITISH PLACE HOPE IN CONFERENCE

Washington, Nov. 25.—British financial circles are placing great hope in the limitation of armament conference according to a statement on conditions of England made public tonight by the commerce department. Substantial reduction in military and naval expenditure seems to be the only method by which Great Britain can obtain a budget surplus in 1922, the statement declared.

### AN ASSOCIATION OF NATIONS MAY COME FROM CONFERENCE

President Harding Has Hope of a New Day in International Relationships—Is Ready to Let the Plans for Future Meetings Rest Merely On Gentlemen's Agreement

(By The Associated Press)  
WASHINGTON, Nov. 25.—A continuing series of international conferences whose fruition may be an "association of nations," has been suggested informally by President Harding to some of the arms delegations and has met with their general approval.

The suggestion has by no means reached the point of a definite proposal for such an association but it was revealed tonight that the president's personal conversations with foreign spokesmen on the subject had greatly increased his hope for a new day in international relationship as a result of the Washington conference. It was indicated further that as a first step toward world wide recognition for the conference plan the results of the negotiations here might be submitted for approval not only to the participating nations but to those not represented here, including Germany and Russia.

So far as the suggestions of Mr. Harding have been made known they contemplate a meeting of nations about the council table once a year to thresh out troublesome questions and devise means for the preservation of peace. It is said to be the hope of the president that in the end all the smaller governments will join with the great powers in whatever discussions may concern them or the world situation generally.

There is no indication that any covenant or any constitution would be proposed as the basis of the plan, or that any elaborate international machinery would be suggested to convey it into effect.

In his preliminary consideration of the best means toward international cooperation, Mr. Harding is said by his friends to have tried to keep his proposals as free from detail as possible with the deliberate purpose of reducing to a minimum the probable causes of complication. His intention is declared to have been to apply to the world situation in the broadest sense the principle of a meeting of minds as he employed in his pre-inauguration days at Marion.

So far as he is willing to go toward dispensing with details, it is declared, that he is ready to let the results of the present conference and the plans for future meetings rest merely on a "gentlemen's agreement," rather than a formal treaty. It was asserted in authoritative quarters tonight that so far as Mr. Harding was concerned he would as soon have a nation's word as his bond.

The position the president is said to have taken on a faith that the Washington conference will help to put a new face upon international relationships and arouse a new sense of honor.

The hope of the president for a continuation of conferences like the present one became known at a moment when the arms delegates reached a stage of their deliberations strongly suggesting in itself that further negotiations will be necessary to consummate the task begun here. Representatives of the nine participating nations are said to have virtually decided at their session today to send an international commission of jurists to investigate China's judicial system and report next year to the various foreign offices and discussions of other features of the Far Eastern situation continued with a growing indication, that some sort of international machinery would be necessary to carry out the results of the conference decisions.

It also is becoming apparent that the Washington conference will not be able to make final decisions on some subjects relating to armaments, since subjects like the rules of warfare necessarily must be given a worldwide consideration before there can be a revision to which the powers will be willing to bind themselves. A continuing commission on aircraft is regarded as another probable outcome of the conference and possibly some permanent body to consider the suggestion that under water warfare be abolished altogether.

It was not indicated whether the president had suggested even informally to the foreign delegates the advisability of inviting Germans and other unrepresented nations to participate in the agreements reached here, and none of the foreign spokesmen would discuss the possibility.

In the view of most delegates it would not be necessary for all the nations to send delegates to Washington to participate in the final agreements of the conference. Such a proceeding might lead to considerable delay and it was generally predicted that the final proposals of the conference simply would be transmitted to the various foreign offices for acceptance or rejection.

### ALLEGED BIG PLOT TO STEAL WHISKEY FOR BOOTLEGGERS

Plan Was to Substitute Water and Export It

By Associated Press.  
PHILADELPHIA, Nov. 25.—Evidence gathered by prohibition enforcement officials bearing on an alleged plot to substitute water for whiskey and alcohol withdrawn from bond for export will be presented to a federal grand jury, Robert H. Abel, prohibition official announced tonight.

"There is no doubt," he said, "that some prominent business men and government officers will be incriminated. Delegates of the alleged plan presented to him to ship water to foreign countries under his export license while the whiskey and alcohol the water represented was disposed of in the United States were outlined today by H. H. Smith at a hearing before prohibition enforcement officers to determine whether Smith's export license is to be revoked.

The proposal was made, Mr. Smith testified, by a man named Dr. George Kheriella, who introduced him to eight other men holding permits for withdrawal of liquor from bond. According to the plan, he said, the alleged conspirators were to pool their withdrawal permits and apparently turn the whiskey and alcohol over to Smith for export. In reality, according to the alleged plot, Smith would export water and the whiskey and alcohol would be sold to bootleggers.

Smith said that he refused to enter into the plot.

### AVIATOR HURT AS PLANE HITS FENCE

(By The Associated Press)  
DANVILLE, Ill., Nov. 24.—Captain Clark, aviator at Chanute field suffered a broken nose and cuts about the face and head today when his airplane hit a fence near Collins, this county. He was returning to Rantoul from a visit to Danville and had landed to make some repairs.

In attempting to take to the air again, his plane hit the fence, breaking the propeller, portions of which struck him. He was able to be taken to Chanute Field for surgical attention.

lead to considerable delay and it was generally predicted that the final proposals of the conference simply would be transmitted to the various foreign offices for acceptance or rejection.

A St. Louis woman committed suicide so that she might rejoin her husband, who had been shot and killed a few days before, by his chauffeur. Since the woman was the dead man's fourth wife, she must have had a lot of faith about the impossibility of confusion in the other world, "where people neither marry nor are given in marriage."

Now the dispatches indicate that the Chinese delegates to the conference are showing some signs of dissatisfaction. Certainly China has many reasons to feel that her interests will be guarded so long as Uncle Sam is a party to the conference. History gives reasons for this feeling of security. The action of the United States with reference to the Boxer indemnity is a case in point.

Colonel Lewis, manufacturer of the Lewis machine gun, says he would be glad if he never made or sold another of those instruments of destruction. So another manufacturer, who would readily profit through wartime activity, is definitely on record as hoping that wars will be no more.

It is interesting to note in this connection that the Du Pont Powder company is in other lines of business than the manufacture of explosives. The fact is the charge that "big business" interests foster war for mercenary ends, is without proof.

This year the high schools of Illinois are spending \$300,000 for agricultural educational work which indicates the belief that a wider understanding of the principles of this basic industry is counted valuable. A year or two ago farming and live stock offered a most alluring prospect

for the young man entering business. The chances are that this condition will return.  
At any rate agricultural education that teaches economy with soil fertility and how to make two blades of grass grow where one has been flourishing, is worth while.

Some of the Chicago papers never fail to mention in connection with the proposed reduction in street car fares, that a wage reduction for employees of the traction companies, is also on the way.

The question is whether the newspapers are seeking to prepare the minds of the employees for the coming year, or more particularly about impressing upon the employees that a commission friendly to Mayor Thompson and Governor Small has ordered the rate reduction, which is certain to affect wages in a like manner.

The president of the Amalgamated Clothing Workers of America has just returned from a tour of Europe, including Russia. He says that if it were not for immigration restrictions the whole of Europe would start for these shores tomorrow. The statement is undoubtedly true. The people from the poverty-stricken nations of the old world look upon America as a land of golden opportunity.

Were they to come here they would fix a standard of living far below that to which the American workman is accustomed, and completely demoralize our labor market. Fortunately the republicans of congress have put on the statute books a law that effectively protects the American wage earner from such an inundation and another law will soon be enacted that offers additional protection from the products of that cheap foreign labor when they are imported into our markets.

TWO PLATOON SYSTEM FOR LOCAL FIREMEN

City Must Observe State Law Which Becomes Effective Jan. 1—Chief Hunt Believes Four More Men Needed for Local Department

City officials are not yet determined what course they will follow here in Jacksonville in complying with the provisions of the state law regulating fire departments and which requires that the double platoon system shall be put into effect. The law was passed by the last general assembly but cities were given until Jan. 1 to adjust themselves to the new conditions, as penalties are provided for failure to comply with the law.

Alderman McGinnis is chairman of the fire committee of the city council and has been talking the matter over with his associates on the committee, Alderman Cain and Williamson, and with Chief Samuel Hunt, of the fire department. Possibly at the next meeting of the council Alderman McGinnis will make a report with suggestions as to how the system is to be operated here.

In some cities the plan of having in the firemen serve twenty-four hours on duty and then twenty-four hours off, is followed and a double crew of men is required. In a larger number of cities, according to Chief Hunt, one set of men is on duty during the daylight hours and another set at night. Ordinarily the day men work for a period of ten hours straight and the night men are on duty for fourteen hours. Usually when the plan is followed, the group serving in the daytime alternates with the night group, bi-weekly or monthly. In this way there is a fair division of the night work.

Eight Men Now

In the Jacksonville department there are now eight men serving and each man has one day off in seven. At meal time not more than four or five men are on duty and this in itself is an unfortunate condition, with more or less danger involved. Chief Hunt believes that four additional men will be necessary in order to operate under the double platoon system, and at the same time afford the city the proper fire protection. If the council can find the way to employ four additional men then six of them would come on duty at a definite morning hour and remain for ten hours without leaving the building. This means that they would have breakfast and supper at home, and eat the noon day meal at the department's rooms.

In a great many Illinois cities the double platoon system was put into effect immediately after the passage of the law without waiting for the required date. The matter has been delayed here because the financial condition of the city has made every possible economy necessary.

The charge was once made that men off duty would not be likely to serve in case of a fire. Chief Hunt refuted yesterday to a test made along this line in one of the larger cities. The firemen did not know the test was being made, but at the end of the period for which the record was kept, it was found that 85 per cent of the firemen responded to fire calls when not regularly on duty.

The members of the fire department serving now are: Chief, Samuel Hunt; assistant chief, John Taylor; engineer, J. W. Catherwood; drivers, Allen Sims, Pearl Igbar, and Ed Edmonds; hosemen, Clyde Sanders, Fred O'Daffer and James Hurst.

**ROSMERSHOLM**  
Clifford Devereux and his company who will appear at Illinois Woman's College on Monday afternoon and night are now playing their eighth consecutive season with an established reputation for the artistic production and performance of the best in drama from Plautus to the present day.

The production of Ibsen's "Rosmersholm" is notable for many reasons. Ibsen has won his highest place in the movement toward realism in drama by the strength to find joy as well as courage in the strife of the drama he creates. Rosmersholm is the greatest of Ibsen's plays. It is the supreme example of drama in which action, setting and character are woven into one unity of spiritual change.

Spiritual struggle—intimately conceived—is the action of Rosmersholm. And it is that slow but intense spiritual development which is so marvelously portrayed by the Devereux company. Just as Rebecca West (played by Miss Graff) says, "The change came little by little almost imperceptibly—but at last with such overwhelming force that it reached to the very depths of my soul." So the movement of the play as a whole develops slowly and inevitably till—judged by their own tests—Rosmer and Rebecca die in the faith idealistic.

ALL ABOARD

**THE G. A. R. AND W. R. G. WILL MOVE**  
At the regular meeting of Matt Starr Post G. A. R., yesterday afternoon it was decided to accept the generous offer of the American Legion and remove to their pleasant hall the coming week. The ladies of the Woman's Relief Corps are equally welcome and will go along with the old boys and all seem well pleased with the prospect of the change.

Mr. and Mrs. Dick Butler of Woodson entertained at dinner Thanksgiving day Mr. and Mrs. Charles Burrows and family and Mr. and Mrs. Charles Ballington, all of this city.

DOKAYS HELD THEIR FALL CEREMONIAL

Several Candidates Were Taken Across the Burning Sands—Exercises Started at 5:30 o'Clock With Supper Served at Castle Hall.

The local Dokays had their annual Thanksgiving celebration Thursday, and initiated a large class of candidates. At 5:30 o'clock the ceremonial began with a supper at Castle Hall where two hundred of the lodgemen were served. Immediately after the supper the work was begun, in charge of Hugh P. Green, the royal vizier.

Due to the diligent work of the committees, everyone was given a fine time. One of the big features of the evening was the presentation of "Tolphi" by Frank Bracewell and Dr. C. B. Magill, assisted by two imps, Thomas Calley and Crum Cleary. The Dokay drill team performed and was enthusiastically received, as the lodgemen have not forgotten the honors won at Chattanooga.

Candidates taking the work were Otis Gibbons, Harold Melver, John W. Starky, Carl F. Hodapp, James L. Grisham, William E. Boston, Garland Wittee and Lewis P. Conlee.

There were many visitors, Roadhouse sending a delegation of twenty and Hannibal, Mo., and Springfield being well represented. Several traveling men who belong to D. O. K. K. organizations in cities far from Jacksonville were warmly received by the Jacksonville members.

The out of town guest list included George W. Scanlan, Peru, Ill.; O. F. Dunham, Cedar Rapids, Ia.; E. L. Baxter, San Antonio, Texas; Robert Underwood, Horace Palmer, J. P. Lloyd, J. W. Cooper, F. H. Brake, R. O. Specht, J. E. Schwarzott and Steve A. Palmer, all of Springfield; F. Broeker, Beardstown; Dr. F. H. Hall and F. R. Watson, Hannibal.

THE WASHINGTON CONFERENCE

S. J. Duncan-Clark, who during the war was war analyst and editorial writer for the Chicago Evening Post will discuss the Washington conference at the Community Forum at Congregational church tomorrow evening. Mr. Duncan-Clark was in Paris during the peace conference, has written several books, lectured on war strategy and is recognized as an authority on international affairs. He is managing director of the Mid West Division of the International Boys' Club Federation.

Mr. Duncan-Clark is a good speaker and his coming will give those interested in world problems a rare opportunity to hear about the inside workings of the Paris and Washington conferences and the aims of the nations represented there.

The Congregational church cordially invites all interested to attend the Sunday evening forum meetings.

THE WORLD WAR IN THE LIGHT OF CALVARY

Should a Christian nation go to war? Are we right in looking on our soldiers as heroes? What can we hope from the conference for limitation of armaments? These phases of war and its results will be discussed by the pastor of Grace church next Sunday evening. This will be the last of a series of seven sermons on "Landmarks of History in the Light of Calvary." Splendid music by the choir under the leadership of Prof. Henry Ward Pearson. The public will be welcome.

Home Made Mince-meat DOUGLAS GROCERY

There will be Sunday school at 2 o'clock and regular church service at 3 on Sunday the 27th. Dr. Thomas W. Smith will preach and Miss Katherine Barr will sing.

Date Loaf, Brown and Nut Bread. Douglas Grocery and Delicatessen.

HELD REGULAR MEETING

The Worth White Class of P.O. church held its regular meeting at the home of Mrs. John Pickin on Tuesday afternoon. Devotionals were led by Mrs. Albert Richardson. Roll call was responded to by Thanksgiving quotations. A story was read by Mrs. John Lazenby. Then a contest on Bible questions was given. During the social hour which followed the hostess served delicious refreshments. The next meeting will be held January 24th, at the home of Mrs. Scott Holmes.

## Rendering a Positive Service

The Daily News, Minneapolis, Minnesota, prints the following editorial in its issue of November 14:

**When Magnitude Discards Mystery**  
Frankness is being better recognized a big asset in all human relations, including business. The bigger the business, the greater the need for frankness.

It wasn't always so; in fact, until only a few years ago, the reverse was true so far as actual practice was concerned and magnitude paid a penalty for the mystery in which it chose to cloak itself.

As one of the biggest of the big industrial and commercial organizations, the Standard Oil Co. used to exercise its full proportionate share of mystery. That this policy had been evidenced—deliberately and conspicuously—is a development that is as radical as it is interesting to students of public life.

For three years, Standard Oil has been out of its shell telling the public exactly how it was doing things, why it was doing things and what it was doing. It has made large use of advertising space in newspapers, without regard to their attitude toward itself. It has conspicuously evidenced its desire to talk to the people and to put out its products for a price that included good will.

Today, instead of merely making its products available to those who MUST buy, Standard Oil is employing extensive publicity to make people WANT to buy. There is a very great difference, just about the difference between the exaction of tribute in one case and the rendering of positive service in the other.

Entirely aside from commercial considerations, a policy of frankness and service will tend to iron out some disagreeable wrinkles in the things that are. And the benefits will go to both sides of the equation.

To render a positive service is not alone the desire of those responsible for the management of the Standard Oil Company (Indiana). It is a well-formed, clearly-understood determination.

This determination to render a positive service is expressed in the multitude of products manufactured by this Company from crude petroleum. The housewife, the motorist, the farmer, the physician, the fabricator of raw materials, almost every special branch of human endeavor, has been considered and that part of the petroleum which will render to each the greatest service, has been segregated and made instantly available.

This is the method chosen by the Standard Oil Company (Indiana) to make tangible the positive service it is endeavoring to render.

The campaign of advertising which is being carried on has as its object a frank discussion of the ways and means used by the Company in delivering this service, a discussion which tells what it is doing and how it is doing it, and why.

That there is a better understanding of the motives of the Standard Oil Company (Indiana) and a feeling of increasing confidence in its integrity and straightforward frankness is indicated by the number of favorable comments which the campaign has elicited from the editorial departments of newspapers, big and little, throughout the eleven states served.

Justice, equity, frankness, a basic desire to render a positive service, and a determination to take all of the people into its confidence are the underlying principles governing this organization.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

**AMERICAN CONSUL'S LIFE IS THREATENED**

(By The Associated Press)

EL PASO, Tex., Nov. 25.—American Consul John W. Dye, in Juarez, received yesterday from syndicalistas in Vera Cruz, Mexico, a letter warning him that American officials in Mexico will be killed if the United States government allows the execution of the death sentence imposed at South Braintree, Mass., upon Nicholas Sacco and Bartolomeo Vanzetti for murder in connection with a payroll robbery.

Consul Dye tonight advised the state department at Washington of his receipt of the notice.

**ENGLISH LANGUAGE IN NEED OF HELP**

(By The Associated Press)

CHICAGO, Nov. 25.—The English language is afflicted "with 'teylish' pedestrinism," Miss Helen Ward Hughes of Wellesley College today asserted in an address at the eleventh annual meeting of the national council of teachers of English in session here.

"We are haphazard, prosaic and dull in the choice of words, in the organization of our thoughts and the construction of those thoughts in the form of English," she asserted. "We care little as long as we are not misunderstood."

Better speech is as necessary to the man in business as it is to the boy in school," Miss Alice M. Reynolds educational director of a Milwaukee bank told the meeting.

**TAXICAB TURNS OVER**

Wednesday evening the police received word that an automobile had overturned at the intersection of Allen and East Independence avenues and a man was pinned under it.

Chief Kiloran and Patrolman McGinnis went to the scene and found the automobile but nobody under it or near it. Inquiry revealed that the car was driven by Orville Wade, who recently had a head-on collision with a South Main street car. In that mishap Wade was injured and the car demolished.

It is said that he had three passengers in the taxi when it overturned. No one was injured and they had all left the scene when the officers arrived.

**SPECIAL TRAIN FOR EXCURSIONISTS**

About 200 people took advantage of the low rate excursion advertised by the Chicago & Alton this (Saturday) morning. They went to the local station expecting to take the regular Hummer to Chicago. They were told, however, that the tickets would be good on a special train which would come thru later.

**WITH THE SICK**

**"WAY DOWN EAST" IN FINAL SHOWING AT GRAND**

This is the final day of a big week at the Grand and "Way Down East" will be presented in matinee and evening performances. This great Griffith production has delighted audiences throughout the week and the frequent remark has been "The greatest picture I have ever seen."

In "Way Down East" a wonderful story interest is told and Mr. Griffith has provided what his public demands in the usual Griffith scenic splendor and as is his requirement, offered greater things than done heretofore. But the pinnacle of his achievement lies not in his great scenes of spectacle. Rather his genius is shown in the manner wherein he sustains, maintains and makes more compelling the story of a woman's soul. He bars for all the soul of womankind the world over and in so doing has attained the heights of his art and bewilders even those who expect of him the greatest achievement in his chosen field.

The production of "Way Down East" in photo-dramatic form represents ten months of unceasing labor on the part of Mr. Griffith and his large corps of assistants. He overlooked no minor details and left nothing undone to make this picture his greatest work, order to make the triumph complete he organized the most formidable array of interpretive talent yet assembled for screen production and including Lillian Gish, Richard Barthelmess, Mary Hay, Lowell Sherman, Burr McIntosh and a host of others. All this tone he has surrounded his presentation with a wealth of effects and an orchestral accompaniment of unusual brilliancy.

Mr. and Mrs. Eli Lamb have gone to California to remain possibly a year and Mrs. Emily Nichols went along, to spend the winter there.

F. H. Lunke of Decatur was a caller in the city yesterday.

Miss Stella Cunningham was up to the city from Murrayville

## LONG TIME RESIDENT OF WINCHESTER DIES

Howard Buckley Passed Away Thursday Morning—Health Crusade Meeting Held—Other Winchester News.

Winchester, Nov. 25.—Howard Buckley passed away at 4 o'clock Thursday morning at his home here, after an illness of several weeks. The deceased was fifty-nine years of age and had resided in Winchester all his life. His wife preceded him in death about 1 year ago, and he is survived by two brothers, Jacob Buckley of Winchester and George Buckley of St. Louis.

For many ears the deceased and his brother, Jacob, had charge of a brick yard in Winchester. He was a man of retiring disposition, an honest and upright citizen, and will be greatly missed by his many friends.

Funeral services will be held from the late home at 2:30 o'clock Saturday afternoon.

A football game between Roodhouse and Winchester was played Thursday afternoon on the grounds of the new high school. There were about 300 in attendance at the game, many of whom had never before witnessed a foot-

ball contest. The game was a long one, lasting until darkness fell. The local boys played well but were the losers this time, the score being 63 to 7 in favor of Roodhouse.

A good health crusade meeting was held at News school house Friday afternoon. A program was given by the pupils consisting of music, recitations, good health exercises given to music. Talks were made by Fred Neat, member of the tuberculosis society of the county. Much credit is due to Fred O'Donnell, the teacher of the school, for the splendid program and the work being done by the school in the health crusade. Hot chocolate and wafers were served by the tuberculosis board of South Winchester precinct, including Mrs. Harry O'Donnell, Mrs. Clarence McDonald and Miss Mary Higgins.

Mr. and Mrs. Albert Potter entertained Thanksgiving day at a fine turkey dinner the members of the Potter and Herring families. Those present were Mr. and Mrs. C. W. Potter, daughter Fern and son Yates, Mr. and Mrs. William Ranson, Mr. and Mrs. Frank Ranson, Mrs. Allen Sturday and daughters, Mary Katherine, Helen, Evelyn and son Robert; Mr. and Mrs. Hubert Littler and sons, Donald and Harold of Jacksonville; Mr. and Mrs. Gale Ranson of Springfield; Mr. and Mrs. William Herring and son Albert, Mr. and Mrs. W. A. Rawlings, daughter, Edith Louise, Mrs. Nellie Dolan and son Virgil, Mr. and Mrs. Henry Herring, Winchester.

There were numerous family gatherings Thanksgiving day. Mr. and Mrs. John Lashmet and Mrs. David Kirkman entertained the immediate families, and Mr. and Mrs. George Thomas entertained the members of the Thomas family to the number of 25. Mr. and Mrs. Frank Thomas of California being the out of town guests present. Mr. and Mrs. Dan T. Smith entertained a company at which the out of town guest was Donald Frank of Bloomington.

Many friends will be sorry to learn of the serious illness of Mrs. D. D. Watt and will hope for her speedy recovery.

Mr. and Mrs. James Wainwright of Wood River, and Mr. and Mrs. Earl Rogers of Beardstown spent Thanksgiving at the home of Mr. and Mrs. Nathan Wallace.

Miss Margaret Watt arrived Wednesday night from St. Louis, called by the illness of her mother.

Mr. and Mrs. William Stehman and little son returned Friday to their home in Hannibal after enjoying the holidays here with the former's parents.

Mrs. Wallace Hart returned to her home Friday in Naples after a visit with her mother, Mrs. Samuel Cohagan.

## PAY DESERVED TRIBUTE TO DR. PASSAVANT

Current Bulletin of Hospital Gives Recognition to Centenary Anniversary of the Birth of the Founder

The recent issue of the Passavant hospital Bulletin is devoted to recalling some general facts about the hospital, especially due to the fact that this year is the centennial anniversary of the birth of Rev. W. A. Passavant, D. D., founder of the hospital.

The growth of the hospital through the years is traced and mention is made that during the last fiscal year 1,115 patients were cared for and that the training school for nurses, which was organized in 1902, now has ninety-three members in its alumnae association. While a great many people are familiar with the outstanding facts in the life of Dr. Passavant, it will be worth while to quote some paragraphs from the Bulletin:

"William Alfred Passavant was born Oct. 9, 1821, at Zeleznople, Butler county, Penn. His life of service extended to June 3, 1894. The single word, 'vivid,' lives, is carved on the granite boulder that marks his grave—'They rest from their labors, and their works do follow them.'"

"In 1844 he was called to the pastorate of the First English Lutheran church of Pittsburgh, and it was during his ministry there he began the work that was destined to reach out to the alleviation of suffering and to the succor of the needy in a number of institutions scattered over wide territory.

"Dr. Passavant had the distinction of establishing the first Protestant church hospital in the United States. This was at Pittsburgh. During a trip to the continent he saw the work and organization of the Protestant deaconesses and of the motherhood, and was inspired by that to try to plant in America a similar institution, and at his request Pastor Fleidner brought the first Protestant deaconesses to America and established the order in Pittsburgh, whence it branched out in many directions.

"Dr. Passavant's work was extended to Jacksonville in 1868, when the present hospital premises, containing the Berea college building and Col. John J. Hardin's homestead, was deeded by Mrs. Eliza Ayers to the Association for Works of Benevolence and Mercy of the Evangelical Lutheran church of America. The Hardin building was used as an orphanage from 1868 to 1891."

"The young people were educated by Miss Anna Mandeville and Edward Mandeville, sister and brother of the groom. Miss Margaret Ring played the wedding march.

The bride is the daughter of Mr. and Mrs. Joseph Kumble of West College avenue and is a graduate of Routh college and Illinois Conservatory of Music. Mrs. Mandeville was attractively gowned in white charmeuse satin trimmed with pearls. She wore a sweeping tulle veil caught up in cap effect with pearls. She carried a bouquet of white roses. The bridesmaid wore green satin trimmed in silver and lace and ribbon and carried Russel roses.

The groom, who is a graduate of Brown's Business College, is a son of Mrs. Julia Mandeville of West College avenue. Mr. Mandeville is a world war veteran and a young man who has widespread esteem. He is now successfully engaged in electrical work at 215 East North street.

After a delightful four-course wedding breakfast, served to the immediate family at the home of the bride's parents, 853 West College avenue, Mr. and Mrs. Mandeville left for St. Louis and other southern points. They will be at home to their friends in Jacksonville early in December.

Mrs. Ray Bracewell and child of Burlington, Ia., are guests of Mr. Bracewell's parents, Rev. and Mrs. F. E. Bracewell, on Webster avenue. Mr. Bracewell is principal of the Burlington high school, an alumnus of Illinois college, and highly valued in his present position.

H. V. Carmichael of Morris, Ill., is a visitor at the home of Mr. and Mrs. Scott R. Holmes, west of the city.

## GOODALL FUNERAL IS HELD AT MANCHESTER

Late Edward Goodall Laid to Rest Thursday Afternoon—Christian Church Women Serve Dinner—Other Manchester News

Manchester, Nov. 25.—The funeral of the late Edward Goodall was held at 2 o'clock Thursday afternoon at the Methodist church in charge of Rev. Mr. Dewhurst. The beautiful flowers were in charge of Miss Ruth Blackburn, Misses Alice and Mildred Goodall and Mrs. Earl Blackburn.

The pallbearers were Bodie Greenwalt, Henry Herron, Harry J. Gidney and George Blevins.

The box supper given at the Keller school Friday evening was attended by a number from Manchester. The boxes sold at very fair prices and about \$30 was realized. A splendid program was given during the evening by the pupils of the school.

# Cully Selected As All Conference Man

Illinois Quarter Back is Picked for Place—Has Played Great Game This Season

Couch Harmon received a telegram Friday from Fred H. Young of Bloomington, well known football official and sports writer, asking him to send a picture of Byron Cully, captain and quarter-back of the 1921 Illinois College football team.

The telegram stated that Cully had been selected for a place on the all-conference team. This will be no surprise to local football fans who have seen Cully's work this season. The only thing that has been puzzling most of us is how they could leave him off of the team in 1920.

During the present season Cully has played consistent as well as brilliant football. He has been able to gain against every team that faced Illinois and his best work was done against the strongest teams. He is strong in everything pertaining to modern football. He can hit the line, run the ends, drop kick, punt and receive forward passes with the best of them and in addition is a deadly tackler and defensive player.

## SCOUTS PLAYED FOOTBALL FRIDAY

Troops 8 and 4 of the Jacksonville Scouts played a football game yesterday afternoon on the I. C. field, which resulted in a 41 to 6 victory for Troop 8. The game was full of action but was an easy victory for the team of Troop 8.

Miss Catherine Baum of Springfield is visiting at the home of her sister, Mrs. Clarence Luke-man on Sandusky street, for the Thanksgiving vacation.

## HOPPE CHALLENGES SCHAEFFER FOR TITLE

Posts \$250 Guarantee for Match—Schaeffer Wants Next Match to be 3,000 Points

CHICAGO, Nov. 25.—Willie Hoppe, who recently lost the world's 18.2 ball line billiard championship to "Young Jake" Schaeffer, after holding it for sixteen years, today challenged the new champion to a return match and posted a \$250 guarantee for appearance.

Under the conditions of the recent tournament in which Schaeffer was the victor, he does not have to defend his title until March 15, 1922, and it is believed that he will do nothing but exhibition work until that date.

The conditions of the match must be arranged by the two players. Schaeffer has been quoted as saying that the next time he met Hoppe he wanted at least a 3,000 point contest and Hoppe also is said to favor the marathon route.

## J. H. S. SECONDS HAD GAME CANCELLED

The J. H. S. second eleven had a game scheduled with Versailles high school for Thanksgiving day, but the Versailles school called it off. Early in the season these teams met, and the local team was defeated 13 to 8. This time it looks like another case of cold feet. The boys feel rather cheated as they were out to get revenge.

J. E. Hildreth and members of his family, who have been guests of Mr. and Mrs. M. L. Hildreth of Hardin avenue, have returned to their home in Edina, Mo.

## ILLINOIS COLLEGE WINS TURKEY GAME

Blue and White Overwhelm Shurtliff, Final Score Being 68 to 0—Capt. Cully Presented With Gold Football by Admirers

Coach Harmon's Illinois College team overwhelmed Shurtliff college of Alton in the turkey day game on Illinois field, the final score being 68 to 0. The visitors were simply outclassed and had the field been dry the Blue and White team would have made at least one hundred or more points.

Coach Harmon inserted an entire new team toward the close of the first half and this combination also crossed the Shurtliff goal once with a beautiful forward pass, McConnell to Dale. In the third quarter Harmon also sent in a number of substitutes.

At no time did Shurtliff threaten the Illinois goal. In fact they only got into Illinois territory once and that was toward the close of the game when they pulled a forward pass. The remainder of the time they were constantly on the defensive.

In the second half Shurtliff played much better ball and caused Illinois to work a little harder but they were not able to hold the locals at bay for any length of time. Many Shurtliff men were laid out and one was carried from the field after receiving a kick in the back of the head.

One of the main features of the afternoon was the presentation of a gold football to Capt. Cully from his sideline admirers. Just before the start of the second half the college band headed a parade of the members of the Illinois team and sideline fans around the field and then across it to a place in front of the bleachers.

F. E. Farrell made the presentation speech. Mr. Farrell drew forth great applause when he referred to the yellow streak that had developed down the spines of the Illinois football players. Capt. Cully responded briefly.

All of the Illinois team played excellent football and Capt. Cully playing his last game for the Blue and White gave a wonderful exhibition of football. He carried the ball for long gains, worked on the receiving end of forward passes and again demonstrated that he without doubt is the greatest all round player in the college conference. J. Roberts, Jones and Burrus also played great offensive football while the entire team was a stonewall on defense.

First Quarter Illinois kicked off to Shurtliff and soon intercepted a forward pass. Illinois marched straight down the field, Cully going over for the touchdown but missing the goal.

After kicking off again Illinois forced Shurtliff to kick. On the first play Jones passed to Cully who ran 40 yards for a touchdown and kicked goal.

Illinois received the kickoff and carried the ball down the field for another touchdown. J. Roberts going over and Cully kicking goal.

That was all of the scoring in the quarter. Score, Illinois 20, Shurtliff 0.

Second Quarter. On the first play Cully broke thru tackle for 22 yards. On the next play J. Roberts went over for a touchdown and Cully missed the goal.

Shurtliff received but was soon forced to kick. Cully put the ball over in three tries and kicked goal.

At this point Coach Harmon sent in practically an entire new team. Illinois kicked off and Shurtliff made her first down of the game. Illinois braced and Shurtliff kicked but recovered the ball. Illinois intercepted a forward pass and Thurmon immediately tore off a 25 yard run around Shurtliff's left end. On the next play McConnell passed to Dale behind the goal. Dale made a beautiful catch. The try for goal was lost when the man holding the ball touched it to the ground. The half ended with the score Illinois 39, Shurtliff 0.

Third Quarter. Illinois received the kick and carried it back 15 yards. After Illinois had made two first downs Shurtliff braced and Cully tried a drop kick from the 45 yard line. It had the distance but failed to carry true and went outside the goal post.

Shurtliff put the ball in play on her own 20 yard line. Cully intercepted a forward pass and carried it to the shadow of Shurtliff's goal before being downed. J. Roberts put it over on the next play.

Shurtliff received the kickoff and the receiver punted right back. A pass, Jones to Cully netted 45 yards. J. Roberts carried the ball over for a touchdown and Cully kicked goal.

Illinois again kicked off and intercepted a forward pass. The ball was carried down the field but with only inches to go Shurtliff held and kicked out of danger temporarily. Cully made 20 yards on a crisp cross. J. Roberts went over on the next play and Cully kicked goal. Illinois received the kick and was in possession of the ball on her own 32 yard line when the quarter ended. Score, Illinois 59, Shurtliff 0.

Fourth Quarter. Cully made 30 yards and Jones added eight more. J. Roberts made it five more. After making two more first downs Shurtliff braced and it was her ball on her 20 yard line. Illinois forced Shurtliff to a safety.

Shurtliff made a forward pass for first down. Thurmon then intercepted a forward pass and ran 1 back 20 yards. Shurtliff took the ball on downs but was immediately forced to kick. Illinois fumbled and Shurtliff recovered

the ball. The ball passed over several times and then Cully made 17 yards on a forward pass and put the ball over on the next play and kicked goal, his last for Illinois college and the last of the season, as the game ended shortly after Illinois had kicked off to Shurtliff. The lineup: Illinois (8) Shurtliff (0) Wtaschek, le, Potter; Reid, lt, Rhiel; Weber, lg, Folles; W. Roberts, c, Rice; Gunn, rt, Reid; Ribbell, rt, Goodsell; Mellon, re, Johnson; Cully, qb, Walton; Jones, rb, Ellison; Burrus, lb, Foster; J. Roberts, fb, Garcia; Referee—Bowen, Jacksonville high; umpire, Larson, Rock Island high; headlinesman, Time of quarters, 15 minutes.

## LOMBARD WINS STATE TITLE

Defeated St. Viators in Post Season Game 27 to 7—Swanson Star for the Visitors

GALESBURG, Ill., Nov. 25.—Lombard college today won the state championship of the "Little Nineteen" conference, defeating the St. Viators' eleven, 27 to 7, in the deciding game.

The winners scored a touchdown in each quarter, outclassed the visitors in every department of the game and held them scoreless until the last quarter, when a long forward pass to Winterhalter, substitute left end, followed by a forty yard run, resulted in a touchdown.

Lombard scored in the first two minutes of play after a series of end runs had brought the ball to the thirty yard line. Lamb, quarterback, then circled the end for the first score. The next two scores came as a result of straight football, Smith and Hess, halfbacks, taking the ball over the line. A pass from Lamb to Swanson, left end, followed by a thirty-yard run, was responsible for Lombard's final score. Lamb and Swanson were easily the stars of the game.

The lineup and summary: Lombard Pos. St. Viators Swanson, le, Barrett; Strickland, lt, Connors; Kasper, lg, Farrell; Emerick, c, Galvin; Faulkner, rt, L. Murphy; Thompson, rt, Lynch; King, re, Hooley; Lamb, qb, McCarthy; Turner, lb, Galivan; Hannan, rhb, McLain; Smith, fb, O'Connor.

Substitutions—Hess for Smith; Winterhalter for Barrett. Score by periods: Lombard 7 7 6 7—27 St. Viators 0 0 0 7—7 Lombard scoring: Touchdowns—Lamb, Smith, Swanson and Hess. Goals from touchdowns—Swanson. (3.)

St. Viator scoring: Touchdown Winterhalter. Goal from touchdown, McLain.

Officials: Referee—Birch; Earham; umpire—Eckersall; Chicago; head linesman—Young, Illinois; Wesleyan; field judge—Wyatt, Missouri.

Time of periods—Fifteen minutes.

## ARMY AND NAVY ALL SET FOR BIG GAME

Meet at Polo Grounds, New York City, this Afternoon—Navy Rules Favorite on Season's Record

NEW YORK, Nov. 25.—The Army and Navy tonight were awaiting the sound of the bugle that tomorrow should send them plunging into each other for service gridiron honors of 1921.

The lads from Annapolis had their spy-glasses fastened on what they deemed to be the star of victory, for they were giving the odds in the betting. But the boys from West Point had come down the Hudson determined to bombard to entire oblivion, the hopes of their cousins in the service and confident that the defeat they had received from Yale and Notre Dame would only serve as "bracers."

Defeated only by Penn State after a long battle at Princeton in a contest the Middies took to the field today at the Polo grounds and put in a period of snappy signal practice. Outside the gates, waiting to see in, was the Army and as soon as the Annapolis eleven had called it a day the West Pointers began frisking over the gridiron.

Tonight both teams turned in early. Tomorrow morning their supporters will arrive—a regiment from West Point and a regiment from Annapolis to march onto the field and give New York its annual scenic treat.

Arriving from Washington were officers high in each branch of the service, diplomats and service figures prominent in the civic, financial and social life of the nation. Accompanying them, to gaze for the first time on a game of American football, were foreign delegates to the arms conference.

## SIOUX CITY BALL CLUB IS SOLD

SIOUX CITY, Ia., Nov. 25.—The Sioux City Western league baseball team was sold today to Harry A. Eels of Sioux City. Eels has been president of the local organization which controlled the team and which had about 100 stockholders.

Mr. and Mrs. C. T. Berry were down to the city from Litterberry yesterday.

## JACKSONVILLE HIGH DEFEATED AT ALTON

Western Military Academy on Long End of 10 to 0 Score—Locals Gave Cadets Tough Battle All the Way

Jacksonville high school eleven went down to a gallant defeat Thanksgiving day before the Western Military Academy team at Alton. The final score was 10 to 0, but the military team was up against a tough proposition all of the time. The Jacksonville team demonstrated its stamina, when it held the academy for a number of downs on the two yard line.

The Alton team has for years been noted for its winning football teams and is made up of players older, bigger and more experienced than those of a high school class. The academy is considered in the college class. It is safe to say that there are very few high school teams in the state that could have held the Alton team to such a low score.

Jacksonville displayed a brand of football that frightened the cadets. When they were within striking distance of the goal they did not try for a touchdown, but made a drop kick, which showed that they were not so sure they could cross the Jacksonville goal. The drop kick came in the first quarter. They made their touchdown in the second quarter. Goodwin, half back for the cadets, making both scores.

The cadets will send a team here next Thanksgiving, according to the two-year contract signed. A defeat is predicted for them.

The Jacksonville team was rather displeased with the referee, who was from St. Louis. He was very generous with penalties.

Jacksonville loses the following men this year: Captain Arnold, A. Arter, Charles Hopner, B. Camm, Lee Henry Goebel and Kuppler.

Jacksonville's lineup in the final game yesterday was: Goebel, le; E. Arnold, captain and lt; C. Camm, lg; Hackett, c; R. Arnold, rg; Bracewell, rt; Putman, re; Hunt, qb; Hopner, fb; Arter, rh, and Lewis, th.

## ROUTT HIGH LOSES TO I. C. RAMBLERS

Opponents Older and More Experienced—Route Minus Two Regular Players

Route high school lost at basketball to the Illinois college Ramblers in Liberty hall Friday night. The final score was 38 to 14.

There was a good-sized crowd present to witness the contest. Despite the disparity in the score the game was full of action throughout and was hardfought, the Route players never quitting trying for a minute during the game.

It was a case of the Ramblers having it on the Route boys, both in age and experience. The Route team also was handicapped by not having two of the regular players in the lineup.

Gebert, Mandeville and Murgatroyd made Route's scores while Bradley, Antrobos, Hiatt and Best did the scoring for the Ramblers.

The lineup: Route: Gebert, f, 2 0 4; Mandeville, f, 1 0 2; Norris, c, 0 0 0; Zell, g, 0 0 0; Murgatroyd, g, 4 0 8.

Totals 7 0 14

Ramblers: f, 3 2 8; Antrobos, f, 7 0 14; Hiatt, c, 7 0 14; Stone, c, 0 0 0; Best, g, 1 0 2; Green, g, 0 0 0; Harris, g, 0 0 0.

Totals 18 2 38 Referee—Jones; umpire—Baptist; scorer—Cully.

ATHLETICS THEME AT ROTARY LUNCHEON

Coch W. T. Harmon Made Interesting Presentation of Subject Friday Noon.

At the Friday luncheon of the Rotary club held at the Pacific hotel, Capt. W. T. Harmon, Illinois college coach, made the principal address. Coach Harmon had athletics as his theme and in a most interesting way he pointed out the important relationship that exists between athletic sports and educational work.

Some local references were made but in the main the speaker treated his subject in a broader way, showing for one thing the value of inter-college and inter-high school contests.

Senator James E. MacMurray of Chicago was a guest of the day, and John T. Walbridge, contractor, was introduced by President Riley as the newest member of the Rotary Club.

Coch Harmon in his address said that college athletics were made up of four classes: Football, basketball, baseball, and track. He said that football had come to the front in the last few years and that in most colleges was the only branch of sport that was paying its way. The coach pointed to the fact that last year football at the University of Illinois had paid all athletic expenses. It was the only branch of sport that showed a profit.

While talking briefly on other sports Mr. Harmon dwelt largely with football. He explained in detail the latest type of clothing worn by football players illustrating how padding and ankle braces were fitted. Mr. Harmon explained thoroughly the training a football player must undergo to get in condition and then how players must refrain from smoking and also be careful in their eating.

By using a blackboard the speaker illustrated how several plays were executed showing how each player was supposed to get his man in order to allow the backs to make gains.

Mr. Harmon told of how some plays would work better against a well coached team than against a poorly coached team. He explained that a well coached team could be relied upon to do certain things and this was taken into consideration when plays are dooped out. He said that a poorly coached team sometimes does just the opposite of what they should do and would break up what ordinarily would be a ground gaining play.

After the address which Rotary fans found full of interest and information Mr. Harmon answered a number of questions.

CLUBS AND SOCIETY

Thanksgiving day was well remembered at the pleasant home of Mr. and Mrs. J. G. Fitzhugh on South East street. They gave a fine goose dinner and all was prepared in the highest style of the culinary art. The hours of the day were happily spent by the delighted guests who much enjoyed the good things given them. The guests included Mrs. Hodgson and daughters, Misses Ollie and Ann, Mr. and Mrs. George Flynn of West North street.

Mrs. Catharine Arpe Entertains.

GREENE COUNTY MAN IS SURVIVOR OF CO. G

F. F. Clark of Manchester Served as Second Lieutenant in Co. G, 91st Illinois Infantry. Former Resident is Vocalist of Ability

White Hall, Nov. 25.—The recent statement in this news letter that the death of John H. Benear removed the last of the members of Company G, 91st Illinois Infantry, under the canopy of sacrificial smoke ascended to the heavens and the throngs were gathered around the Holy of holies at a respectful distance, there arose to heaven a mighty anthem of praise to Him whose great deliverance of His people from bondage they were celebrating. Grand and noble were the paens of praise that ascended unto heaven as the musicians with their instruments and the people with their voices vied with each other in expressing adoration to Him whom they would worship.

In Massachusetts, 290 years ago the Pilgrim forefathers faced dire conditions. The weather of the winter was unusually cold and dreary; their meager supplies were disappearing at a painful rate; sickness and death decimated their ranks till extinction almost stared them in the face. Then it was that February 5th was set aside as a day of solemn prayer and supplication to Almighty God for deliverance from their dreadful condition and on the very day they set apart, a ship laden with provisions arrived in the harbor and their day of mourning was changed to one of rejoicing and of praise.

The day has hardly been nationally observed since that time tho for many years it has been a custom in New England. However in 1885, after the soil of our land had been wet with the blood of its choicest treasures and treason had been put down President Lincoln called for a day of national thanksgiving which has since been quite generally observed.

Many Causes for Gratitude.

"Today we have many causes for gratitude and, like Israel's great lawgiver, let us now turn aside and see. Between 1874 and 1914 was a noted for prosperity, discovery and progress. The telephone, the improved telegraph, the ocean cable, antiseptic surgery, germ theory, radium, the automobile, development of mighty ocean liners, crossing the deep five to six days, the Panama canal, irrigation projects and other events and discoveries or greatest importance are noted.

"Then in the summer of 1914 something happened. A shot from the pistol of a maniac was the pretext for a war which involved nearly all the civilized world. Some of the awful results were the loss of 19,000,000 lives, expenses of 337 billions; death from disease and wounds beyond expression; anarchy, hunger, starvation, wretchedness and misery that was wrong before all this. Selfishness reigned supreme. The manufacturer tried to circumvent his competitor; the business man to outwit his brother merchant; the scientist, the college professor and even the minister; all were affected much in the same manner. There was selfishness among nations; each sought to have the largest and most effective navy or standing army; to capture for itself the trade and business of the world on sea and on land.

"Nor was our own land isolated, by any means. Swift transportation had brought us into contact with other nations. The people of another nation across the sea could have an epidemic, like the lagrippe, for instance, that did not affect us. The awful world war cost us 80,000 lives and 25 billions of money and interfered with every phase of our life, social, business and political. We have in our granaries immense stores of food and yet millions are out of employment. We cannot safely in our national, political, business or social life forget our Maker. Our Pilgrim Fathers braved the dangers of the sea and unknown land that they might worship God according to the dictates of their conscience. What are we ready to sacrifice for the advancement of His Kingdom?

Yet Too Much Strife.

THANKSGIVING SERVICES HELD

Large Audience Was In Attendance — Sermon Preached By the Rev. M. L. Pontius.

A large audience gathered at Grace M. E. church Thursday morning to participate in the union Thanksgiving services. The pastors of the various churches occupied seats on the pulpit platform exemplifying the words of the Psalmist, "Behold, how good and how pleasant it is for brethren to dwell together in unity." The opening exercises were conducted by various ministers severally and the music was especially fine, both choir and organist doing excellent work.

The sermon of the occasion was an satirly effort by Rev. M. L. Pontius who took for his theme a part of Exodus 3:3: "I will now turn aside and see." He said in part:

"The world has often benefited by its dreamers. Moses had a wonderful dream when near him was the bush burning yet not consumed. Abraham, Jacob, Elijah, Daniel and many others of the world's great worthies had dreams and visions and sometimes mighty results followed.

"Moses saw the bush and drew near it and his thoughts may be classed as 'Investigation, Recognition and Gratitude,' and gratitude is the noblest sentiment of the human soul. Three thousand years ago the Jewish nation was wont to gather in the Holy City once a year, to dwell in booths, eat unleavened bread with bitter herbs, their feet shod with sandals and their loins girt as for a hasty journey. Then as from the great altar clouds of sacrificial smoke ascended to the heavens and the throngs were gathered around the Holy of holies at a respectful distance, there arose to heaven a mighty anthem of praise to Him whose great deliverance of His people from bondage they were celebrating. Grand and noble were the paens of praise that ascended unto heaven as the musicians with their instruments and the people with their voices vied with each other in expressing adoration to Him whom they would worship.

## DEATHS

Mrs. Stephen J. Ridder, well known Alexander woman, died at the family residence, two and one half miles southeast of that town, at 8 o'clock yesterday morning. The deceased had been in poor health for about three years, but was not confined to her bed until a few days ago. She was 53 years of age.

Surviving are her husband and five children: Mrs. W. J. Hermes, and Mrs. I. M. Hermes of New Berlin; William, Regina and Stephen Ridder at home. She also leaves three sisters, Mrs. H. J. Ridder of Alexander, Mrs. Frances Isles and Mrs. Michael Kruger of Springfield; two brothers, Anthony and William Mohr of Springfield.

Funeral services will be held at the Church of Visitation Monday morning at 10 o'clock with burial in Franklin cemetery.

## AUTOS COLLIDE SOUTH OF CITY

Mr. Veach, who travels for the Simmons Hardware company, and Patrick Crotty, of Woodson, collided in a head-on collision last evening about 7:30 o'clock at the bridge just in front of J. H. Cain's residence south of the city. Mr. Veach was driving a Buick and Mr. Crotty was in a Studebaker. Both cars were badly damaged. The accident was due to the fact that one of the drivers did not know that there was a bridge. Fortunately neither one of the men were hurt. Mr. Crotty's car was turned around three times by the force of the collision.

## The key to success is work— There is no substitute for it!

In order to do your best work, you must be healthy. You must sleep soundly at night, your nerves must be strong, steady and under perfect control.

If you are accustomed to drinking tea or coffee with your meals or between meals, you may be loading yourself with a very great handicap. Your nervous system may be stimulated beyond what is natural for you.

For tea and coffee contain thein and caffeine. These are drugs, as any doctor can tell you. They are known to irritate the nervous system by their action and to cause restlessness and insomnia, which prevent the proper recuperation of the vital forces.

If you want to be at your best, capable of doing the very best work that lies in you, why not stop drinking tea and coffee? Drink Postum, the rich, satisfying beverage made from scientifically roasted cereals.

Postum contains absolutely no drugs of any kind, but in flavor tastes much like rich coffee. It helps nerve and brain structure by letting you get sound restful sleep.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Ask your grocer for Postum. Sold everywhere.
